

Product Portfolio

Arri

Arri is Italian leather with a smooth, consistent grain for maximum cutting yields. Arri hides have a subtle “capra” grain and hair follicle pattern, and a durable finish that passes strict automotive standards. This exceptional durability makes Arri an excellent option for all upholstery applications, especially high traffic areas. All eight colors are made to match current Ferrari® interior colors.

Native

Native is hand buffed to create a rugged texture with a mottled appearance and matte surface, providing beautiful depth of color. Some areas may appear suede-like as a result of the hand buffing process. Unique variations in shading and color will be evident from hide to hide within the same lot. As naked aniline leather, Native will wear with use and develop a rich patina over time. Marks and scratches will show, adding to the inherent look of this product.
